

## Project Engineer - Roadway

Are you locked in the same place and do the same thing every day? Are you passed over for projects that you are passionate about? Are you celebrated and recognized for your efforts?

**Come design and build things with us.**

Join a team that's on a journey to significantly impact people, families, and communities in Kansas City. Kansas City is home to hundreds of Engineering Firms. The people of Affinis are not dedicating their time to just collect a paycheck or pump out designs.

Our industry and political leaders must create a systemic movement to change how we engage, approach, and resolve together. We are committed to leading this new effort. It's our vision and what makes coming to work every day worth the effort.

### What you need:

- BS in Civil Engineering from ABET accredited university,
- Prefer 5+ years' experience
- PE license
- Currently has, or be expected to obtain, PTOE certification
- Long-term desire to pursue a career in traffic engineering
- Demonstrated involvement in one or more professional societies such as the Institute of Transportation
- Professional Engineer member; ASCE, ITE, ITS Heartland, or like organization
- Excellent oral and written communication skills, as well as a high level of attention to detail
- Software: MicroStation or AutoCAD, AutoDesk, Civil 3D, Bentley Open Roads, CRM, or related project design software

**As a Roadway Engineer** you will have the opportunity to design local projects for transportation infrastructure, such as roadways, streets, highways and interchanges. You will perform engineering calculations, using computer design software, preparation of complex project documents including specifications and bid documents and complex drawing reviews, assuring plans are clear, concise, and thorough. Develop and build business relations understanding internal and external clients' needs and expectations; seeks to develop and improve client relationships.

**Location:** We are located on the beautiful Corporate Wood campus in Overland Park, Kansas, offering wooded park features, walking trails, streams, and special events throughout the year. There is ample parking and EV charging stations on-site as well as a café.

**Benefits:** Affinis offers great benefits that promote a work/life balance with flextime scheduling.

Come make a difference in your community and join the Affinis team, send your cover letter with salary requirements and resume to [recruiting@affinis.us](mailto:recruiting@affinis.us) for consideration.
